“ *I remember shortly after codie and chris met we had went to Huntsville for Chris to get a tattoo, while we were there codie kissed him and left lips stick on him. We all laughed and Chris said ill just tattoo it there..... Well sure enough he did. The guy doing the tat sent codie out to put her lip print on a piece of paper so he could transfer it to him, while we were outside getting it ready we agreed when he got done we would tell him it was my lips..... It was so funny... Great times with great people...*
