“ *Stayce:*

A gentle reminder, there is no death, the Son of God is free! You know from my past chats with you that I understand and feel for you right now. Charles is larger-than-life and all his errors are now corrected as he goes into the Light Which is God.

God Bless and Keep you in His Light.

(p.s.) If you could let me know when the Fayetteville memorial service will be held, and where, I would like to attend to express my condolences to you. Thank you for being there for him. Carol)

Carol Forbes - December 10, 2012 at 09:54 AM

“ *I was a congressional intern under Congressman Rose in 1978. I was also finishing up a program at Georgetown University. The Georgetown program ended about 8 days before the internship did. Congressman Rose was going to Canada to look at their television coverage as he worked on a committee trying to develop C-SPAN. His wife and children had gone back to North Carolina, so he "lent" me his home for that 8 days so that I could finish my intern project! I have always been grateful for the interest he showed in me and I went on to graduate from the University of Alabama Law School and am involved with local governments as I serve as City Attorney for several towns in Georgia.*

JO

“ From his "family" at RJR, please accept our deepest sympathies on your loss. His contributions to the company and the state of North Carolina are too long to list here, but he was loved, sometimes feared, but always respected by us all.

We join with you today to celebrate the life and legacy of a truly unique individual who gave so much to so many.

You are in our thoughts and prayers

Sincerely,

John Fish (on behalf of all his friends at Reynolds)
