“ We love you and miss you so so much. Lisa, you was an absolute amazing and wonderful woman and even a better mother. Even though you wasn't my mom, I seen you as a second mother to me. You've raised a wonderful family. It hurts to know that you're not here anymore, but I know you're in a much greater place. A place that we could only imagine its greatness and glory. We know we will be there with you once again one day. But until then we miss you, we love you, and you will always live on in our hearts.
