“ *Mr. Norris was a very precious man, he always brought a smile to our staff when he walked in the office at Med South. I enjoyed talking with him and hearing the stories of his cherished dogs and the good times he had with them, especially the rides in the jeep. He will truly be missed and I know without a doubt that Heaven has gained a 'cowboy angel'. Thanks for the good memories Mr. Norris I will miss you.*

“ *We live up the road from Mr. Norris and his late wife Gail. My husband and his dad had cut and bailed square bails of hay for their horses, and I had gone to help pick them up. That is when Ms. Gail showed me how to make canned drinks very cold by adding rock salt to the cooler ice. They were good people.*
