“ *When I had breast cancer Patsy always asked about me. Later when she had been diagnosed with cancer I stopped by one day to see her a bit. I tried to encourage her to come to Sardis High School and walk with me during their Relay for Life event. In her usual quiet voice she said oh no, I haven't been through near what you have. That was th first thought that went through my mind when her cancer came back. She had such compassion. I love you dear freind and will see you again*

“ *Patsy was one of the sweetest ladies I have known, always with a smile for everyone. She just seemed so happy and content in her life. She was what my mom would call "a good woman." My family and i loved her very much, as we do her family, and are praying for God's peace on all of them.*
