“ *So many great memories of Ms. Robbie, a dear friend to the Grimes family for all my life! One that I'll always treasure was my first and most memorable trip to the Smokey Mountains with my parents. Jr., Robbie and Gregg. Wonder if Gregg remembers, we were so young! There were so many trips, visits and special moments with her & her family but none more special than the last time I visited her and we ended our conversation both saying "I love you"! She was a special lady to me! Not sure I'll get to be there to hug and express my sympathy but know I'm there in my heart, thoughts and love.*
