“ I was his daughter in law for 13 years and he treated me like his own and would come find me camping out no matter where he would always find me to take my baby then Brandy jo. and of course ide let him! He would take her home with him and bounce n play with her for hours! She was one spoiled baby! He was also a finest carpenter as Jesus must have been and took my brother and taught him at a young age all he needed to know and also worked beside him for many years as he did his son which was my husband Alan. Best homebuilders around during those times. I for some reason also will always hold the memory of a dance he made me do one night we boot scooted really good! I hold many more fond memory's of him and the whole family for they were also my family that I've never stopped loving and will love throughout the remainder of my life! Vernon and Alan were great men and will always be loved and missed by many! They are now joined back together as father and son.
